25X1 3. [ ] Delivered to Mr. Darrell St. Claire, Chief Clerk, Senate Committee on Foreign Relations, the corrected transcript of the Director's briefing of the Committee on 19 July 1965, along with a letter from the Director forwarding inserts requested by the members, with the exception of the training schedule requested by Senator Mundt which is in the process of preparation. Also emphasized the Director's interest in inviting the attention of Senators Fulbright and Morse to the document entitled "Communism in the Dominican Republic." Also left with Mr. St. Claire a copy of the document "Instability in Latin America," in which Senator Morse had indicated a special interest.

25X1 4. [ ] Talked with Mr. Herbert M. Jasper, BOB, concerning proposed Agency's legislative effort to remove the \$50 compensation ceiling for consultants. Mr. Jasper, who will be handling the clearance of our proposal in BOB, foresees no objections but was interested in whether we would be putting a limit on the maximum amount of compensation we would be authorized to pay. I indicated that we did not at present feel this was necessary since the instant legislative effort is to repeal the \$50 limitation and authorize the Director to pay consultants under the authority of the CIA Act of 1949 under the same procedure he follows in paying other personnel serving the Agency. It is quite conceivable that Mr. Jasper will attempt to hold out for the establishment of some limitation on maximum compensation payable.

25X1 5. [ ] Left with Russ Blandford, House Armed Services Committee staff, a document prepared by the Audit Staff on examples of fiscal irregularities detected in the audit procedure. I advised Blandford that the Chief of our Audit Staff was available on Friday to answer any questions he might have and for two weeks thereafter, in the absence of the Chief, his Deputy would be available.
